

Detailed Requirements for FDWs/CNs entering Singapore from Group 4 or all other countries/regions

They must comply with the following:

1. Take a COVID-19 polymerase chain reaction (PCR) test **within 72 hours before departure**. [FDWs and CNs who have recovered from COVID-19](#) are also subject to this requirement.

FDWs and CNs need to present a valid negative test result, in English and from [laboratories that are internationally accredited or recognised](#) by the respective countries' or regions' government, to enter Singapore. The test memo must also state these details:

- Test result
- Date of COVID-19 PCR test
- FDW's/CN's name and either date of birth or passport number, as stated in her passport. If the particulars on the memo are not in her passport (e.g. memo states identification number, instead of passport number), she must produce the relevant identification documents for verification.

2. **Take a COVID-19 test** when they arrive in Singapore.
