

Detailed requirements for pass holders entering Singapore from Group 4 countries/regions

Pass holders who spent the last 21 consecutive days in these countries/regions:

- Israel
- Taiwan

Pass holders who spent the last 21 consecutive days in any of the above places before entering Singapore, and did not transit through other countries/regions, must comply with the following:

1. Take a COVID-19 polymerase chain reaction (PCR) test* **within 72 hours before departure:**

Pass holders who have [recovered from COVID-19](#) are also subject to this requirement.

Pass holders need to present a valid negative test result, in English and from [laboratories that are internationally accredited or recognised](#) by the respective countries' or regions' government, to enter Singapore. The test memo must also state these details:

- Test result
- Date of COVID-19 PCR test
- Pass holder's name
- Date of birth or passport number, as stated in their passport. If the particulars on the memo are not in the passport (e.g. memo states identification number, instead of passport number), the pass holder must produce the relevant identification documents for verification.

2. **Take an on-arrival COVID-19 test*** in Singapore:

Please [register and pay for the pass holder's test](#) (\$160 including GST) **before he/she arrives in Singapore**. Otherwise, he/she may be denied entry into Singapore. Your subsequent entry applications may also be rejected.

3. **Serve a 14-day Stay-Home Notice (SHN):**

For pass holders who meet [certain conditions](#), you can request for them to serve their 14-day SHN at a place of residence, instead of SHN dedicated facilities (SDFs), during the entry application.

4. **Take a COVID-19 swab test*** before 14-day SHN is over:
 - Pass holders will be notified of their swab test appointment details by SMS.
 - During the entry application, you will be asked to pay for the following charges:
 - 14-day SDF stay (\$2,000 including GST)
 - Swab test (up to \$200 including GST)
5. **[Additional requirement for pass holders entering Singapore from 27 June 2021, 23:59 hours]** Those serving SHN in SDFs will be issued Antigen Rapid Test (ART) self-test kits for them to take ARTs* during SHN.
6. After the 14-day SHN, pass holders staying in dormitories must still undergo an [additional 7-day stay and testing regime](#).

Note:

Affected pass holders who are currently serving SHN will have their SHN reviewed and be notified of the check-out arrangement separately. Refund details will be shared with affected employers later on.

Arrival date in Singapore	Who needs to take the COVID-19 tests listed above*
Before 27 June 2021, 23:59 hours	Pass holders 7 years old and above this year
From 27 June 2021, 23:59 hours	Pass holders 3 years old and above this year

Registration and payment instructions for on-arrival COVID-19 test

Pass holder's mode of entry into Singapore	Cost of on-arrival test (including GST)	Use the relevant eService to register and pay for the test before the pass holder arrives in Singapore
Air	\$160	Changi Airport eService
Land or Sea	\$160	Parkway Shenton eService

Conditions for pass holders to serve 14-day SHN at a place of residence

During the entry application, for pass holders who meet **all of these conditions**, you can request for them to serve their 14-day SHN at a place of residence, instead of SDFs:

- Place of residence is only occupied by the pass holder alone or household members, including any foreign domestic workers, with the same travel history, arrival date and SHN duration as the pass holder.
- Spent the last 21 consecutive days in any of the following places before entering Singapore, and did not transit through other countries/regions:
 - Israel
 - Taiwan

Note:

- Pass holders are **not allowed** to serve the 14-day SHN in hotels.
- Pass holders staying in dormitories are **not allowed** to serve SHN in a place of residence. They must serve their SHN in SDFs.
