**Notes:**

**\*On-Arrival COVID-19 PCR Test and Antigen Rapid Test (ART) for Travellers**

All travellers (including SCs and PRs) will need to take a COVID-19 PCR test upon arrival in Singapore. The prevailing SHN requirements, including the PCR test at the end of the SHN, will continue.

With effect from 20 May 2021, all travellers with travel history in the past consecutive 21 days from Bangladesh, India, Nepal, Pakistan and Sri Lanka and entering Singapore, will need to take a COVID-19 Antigen Rapid Test (ART), in addition to a COVID-19 PCR test, on arrival at Changi Airport. Travellers aged 6 and below (i.e. those born from 2015 to 2021) will be exempted from the ART and PCR tests.

To expedite the COVID-19 PCR test at the airport, travellers must register and pre-pay for their on arrival COVID-19 PCR test prior to departing for Singapore.

The costs incurred for COVID-19 PCR tests (details here) and SDF stays (details here) are chargeable for all travellers.
