*On-arrival Testing for Travellers

All travellers (including SCs and PRs) will need to take a COVID-19 PCR test upon arrival in Singapore. The prevailing SHN requirements, including the PCR test at the end of the SHN, will continue. To expedite the COVID-19 PCR test at the airport, travellers must register and pre-pay for their on-arrival COVID-19 PCR test prior to departing for Singapore.

Chargeable Costs

The costs incurred for COVID-19 PCR test (details here) and SDF stay (details here) are chargeable for all travellers.
