Detailed requirements for pass holders entering Singapore from all other countries/regions

They must comply with the following:

1. Take a COVID-19 polymerase chain reaction (PCR) test* **within 72 hours before departure:**

   Pass holders who have [recovered from COVID-19](#) are also subject to this requirement.

   Pass holders need to present a valid negative test result, in English and from [laboratories that are internationally accredited or recognised](#) by the respective countries' or regions' government, to enter Singapore. The test memo must also state these details:

   - Test result
   - Date of COVID-19 PCR test
   - Pass holder's name and either date of birth or passport number, as stated in their passport. If the particulars on the memo are not in the passport (e.g. memo states identification number, instead of passport number), the pass holder must produce the relevant identification documents for verification.

2. **Take an on-arrival COVID-19 test*** in Singapore:
   - Please [register and pay for the pass holder's test](#) ($160 including GST) **before he/she arrives in Singapore**. Otherwise, he/she may be denied entry into Singapore. Your subsequent entry applications may also be rejected.

3. **Serve a 21-day Stay-Home Notice (SHN) in SHN dedicated facilities (SDFs).**

4. **Take two COVID-19 swab tests*** before their 21-day SHN is over:
   - The pass holder will be notified of the test appointment details by SMS.
   - During the entry application, you will be asked to pay for the following:
     - 21-day SDF stay ($3,000 including GST)
     - Swab tests (up to $200 including GST per test)

* Children 6 years old and below this year are exempted from the COVID-19 tests.

Registration and payment instructions for on-arrival COVID-19 test

Pass holder's mode of entry into Singapore	Cost of on-arrival test (including GST)	Use the relevant eService to register and pay for the test before the pass holder arrives in Singapore
