Detailed requirements for pass holders entering Singapore from Group 4 countries/regions

Pass holders who spent the last 21 consecutive days in these countries/regions:

- Israel
- Taiwan

Pass holders who spent the last 21 consecutive days in any of the above places before entering Singapore, and did not transit through other countries/regions, must comply with the following:

1. Take a COVID-19 polymerase chain reaction (PCR) test* **within 72 hours before departure:**

   Pass holders who have [recovered from COVID-19](#) are also subject to this requirement.

   Pass holders need to present a valid negative test result, in English and from [laboratories that are internationally accredited or recognised](#) by the respective countries' or regions' government, to enter Singapore. The test memo must also state these details:

   - Test result
   - Date of COVID-19 PCR test
   - Pass holder's name
   - Date of birth or passport number, as stated in their passport. If the particulars on the memo are not in the passport (e.g. memo states identification number, instead of passport number), the pass holder must produce the relevant identification documents for verification.

2. **Take an on-arrival COVID-19 test*** in Singapore:

   Please [register and pay for the pass holder's test](#) ($160 including GST) **before he/she arrives in Singapore**. Otherwise, he/she may be denied entry into Singapore. Your subsequent entry applications may also be rejected.

3. **Serve a 14-day Stay-Home Notice (SHN)**:

   For pass holders who meet [certain conditions](#), you can request for them to serve their 14-day SHN at a place of residence, instead of SHN dedicated facilities (SDFs), during the entry application.

4. **Additional procedure only for pass holders serving SHN in SDFs**:

   Take Antigen Rapid Tests (ARTs)* during their SHN using self-test kits issued by SDFs.

5. **Take a COVID-19 swab test*** before 14-day SHN is over:
   - Pass holders will be notified of their swab test appointment details by SMS.
   - During the entry application, you will be asked to pay for the following charges:
     - 14-day SDF stay ($2,000 including GST)
     - Swab test ($125 including GST)

6. **Additional procedure only for pass holders staying in dormitories:**

   After the 14-day SHN, such pass holders must still undergo an [additional 7-day stay and testing regime](#).

Note: *Children 2 years old and below this year are exempted from the COVID-19 tests.

Registration and payment instructions for on-arrival COVID-19 test

Pass holder's mode of entry into Singapore	Cost of on-arrival test (including GST)	Use the relevant eService to register and pay for the test before the pass holder arrives in Singapore
Air	$160	**Changi Airport eService**
Land or Sea	$160	**Parkway Shenton eService**

Conditions for pass holders to serve 14-day SHN at a place of residence

During the entry application, you can request for pass holders to serve their 14-day SHN at a place of residence, instead of SDFs, if they fulfil **all of these conditions**:

- Place of residence is only occupied by the pass holder alone or household members, including any foreign domestic workers, with the same travel history, arrival date and SHN duration as the pass holder.

- Spent the last 21 consecutive days in any of the following places before entering Singapore, and **did not** transit through other countries/regions:
  - Israel
  - Taiwan

Note:

- Pass holders are **not allowed** to serve the 14-day SHN in hotels.
- Pass holders staying in dormitories are **not allowed** to serve SHN in a place of residence. They must serve their SHN in SDFs.
